We Make it Easier

A Message from our CEO

Mr. Nizam Al Baradi
Future Group CEO

Future Group For Packaging Solutions has been a leading company in the local and regional markets for the last two decades. We are keen on manufacturing high-quality Disposable packaging products to cater the local, regional, and international markets.

Our Products Diversity has added remarkable challenges in our journey towards progress and excellence.

Therefore, we have established four factories using latest technologies with a high capacity, supported by top human cadres, to serve the local, regional and international markets.

Our products are labeled by top notch quality, high standards, and safety, to Maintain balance between production and on time delivery. Therefore, we obtained the ISO 9001, 14001, 45001 certificates in addition to the BRC certificate.

Our vision extends beyond innovation, excellence, and quality assurance.

Who We Are:

Future Group For Packaging Solutions was established in Jordan in 1999 to manufacture disposable packaging materials. Our company is currently leading the packaging industries in the Jordanian market, as we are capable of manufacturing plastic and paper products in all different stages and forms.

The establishment of Future Pack, the commercial arm of the Future Group For Packaging Solutions, is the result of a well-studied and successful two-decade development strategy.

Our Vision, Message, and Values:

▶ **Our Vision:**

To lead the manufacturing of Disposable packaging solutions in the region, and attain a global reach.

▶ **Our Message:**

To manufacture high-quality, environmentally friendly and affordable disposable packaging solutions that conform to local and international specifications and standards, to satisfy all markets.

▶ **Our Values:**

- ▶ Innovation and Quality.
- ▶ Globalism.

- ▶ Excellence.
- ▶ Customer Service.

- ▶ Professionalism.

Safety Policy

At Future Group For Packaging Solutions , we strive for Quality, Environment, Health, and Occupational Safety.

At Future Group For Packaging Solutions we are committed to the following:

- ▶ Maintaining the safety of products in accordance with the highest specifications and the latest BRC-GS certificate updates.
- ▶ Providing high-quality products that live up to the customers' expectations.
- ▶ Compliance with the legal requirements of the Hashemite Kingdom of Jordan, which regulate quality, environmental, health, and occupational safety, and local legislation.
- ▶ Continuous development of policy and procedures through the application of ISO 9001, ISO 14001, and ISO 45001 specifications.
- ▶ Preventing or reducing environmental pollution.
- ▶ Preventing work injuries or minimizing their occurrence.
- ▶ Participation of employees in achieving quality goals.
- ▶ Participation of employees in identifying, managing, and controlling risks to a level that ensures the efficiency of the process and the worker's safety.

Health Policy

Our goal was not to only achieve high-profit rates, but to also develop the implemented health systems and maintain occupational safety, so we:

- ▶ Created a healthy environment that provides individuals with safety and security, keeping in mind that our environment is our haven.
- ▶ Followed a correct and developed organizational culture, because the health of the individual and society is a central axis in our work.
- ▶ Focused on the continuous development of our employees' knowledge, as they are considered our most important assets.
- ▶ Voluntarily complied with local and international laws by maintaining a green environment.
- ▶ Made the effort and took the time to reduce the amount of waste and industrial emissions.
- ▶ Managed industrial risks consciously, after identifying them, to ensure industrial integrity and personnel safety.
- ▶ Permanent inspection of workplaces and investigation of all violations and accidents, to ensure proper operations are maintained.

Quality and Objectives Policy

Within a framework of commitment, we conduct our work at Future Group For Packaging Solutions on a basis of honesty, accuracy, implementation of international and local standards, and providing professional customer service that fulfills the expectations of our customers.

The basis that we have set for the continuous quality management system at our company is to prioritize the satisfaction of our customers by following the clear goals to achieve quality, which are:

- ▶ Reduce the percentage of rejected manufacturing to 0.5% by the beginning of 2023.
- ▶ Raise the customer service rate to achieve a maximum complaints rate of 0.5% by 2023.
- ▶ Increase the rate of customer satisfaction with our provided services and products.
